Honeywell | Head Protection

Honeywell North Zone™ Hard Hat

Get into your comfort zone.

Enter the comfort zone. Where it's all about the fit.

The North Zone has a sleek, modern shell combined with a patented suspension design featuring multiple adjustment points for size, height and snugness; easily removable and replaceable.

Ratchet suspension model pictured.
Quick-fit (Pin Lock) model also available.

Available in 17 vibrant colors and 2 suspension designs - Quick-fit (Pin Lock) and Ratchet.

Plus 13 additional colors

Customize your style

North Zone™ Hard Hats have a contemporary shell design with 4 large areas for custom logo or personalization options. Our advanced multi color printing technology produces impressive, highly visible images, which can enhance your corporate logo, reinforce safety and identify trades on the job.

Comfort is key!

If the hard hat isn't comfortable or well-balanced, if it moves or slips out of place, it will not be continually worn – leading to greatly increased safety risks and reduced worker productivity.

But, comfort is also subjective. That's why we designed the North Zone suspension with multiple adjustment points – so users can customize the fit to suit their own preferences. It's also why we added a removable comfort cradle near the rear ratchet.

It enhances fit and balance without the need to overtighten the suspension, making North Zone even more comfortable – and ensuring that it stays in place the entire shift.

The result is a hard hat that workers will actually want to wear – which directly impacts their safety and productivity, every day.

Setting a new standard for hard hat comfort.

It's your job to keep your workers safe and productive. The first way to do that is to ensure that they wear their hard hats and other safety gear all day long.

The problem: Users will not wear hats that are uncomfortable or fit poorly, resulting in constant removal and readjustment.

Our North zone hard hat is so comfortable, stable and lightweight your workers wont want to take it off.

Comfort and fit for the way you work

With its personalized fit and individualized comfort, the North Zone is an ideal general-purpose hard hat for the following industries:

- Construction
- Manufacturing
- Mining
- Oil and Gas
- Ship Building
- Traffic Safety
- Utilities

The North Zone can help you mitigate some of the hazards common in these environments.

Meets the following industry standards

- ANSI/ISEA Z89.1 2014
  Type I, Class C, G and E

- CSA Z94.1 2015
  Type I, Class C, G and E

From Honeywell – A trusted manufacturer of PPE

When creating the Honeywell North Zone Hard Hat, we drew on our deep market and engineering knowledge and expertise as well as our many years of experience as a leading manufacturer of personal protective equipment (PPE), with some of the most respected safety brands in the world.

Our head-to-toe safety solutions include everything from protective clothing; to fall and hearing protection products; to solutions that protect the hands, head, feet, eyes and face; to respiratory, welding, first-aid, lockout/tagout and traffic safety equipment. We are committed to helping companies build an enduring culture of safety.
