PRODUCT CHARACTERISTICS

- Comfortable, wraparound nylon frame with one-piece polycarbonate lens design offers a lightweight panoramic view
- Hard-coated polycarbonate lenses meet ANSI Z87.1-2015 High Impact Safety Standards and block 99.9% of harmful UVA and UVB ultraviolet light
- 7-base curved lens fits comfortably
- Adjustable temples and a universal nose bridge provide a secure fit for a variety of facial profiles
- Brow guard provides additional protection and impact resistance
- Anti-fog coating available on select ZED styles to provide maximum visibility in humid conditions

APPLICATIONS

Ideal for use in chemical, food services, manufacturing, medical, pharmaceutical, steel and metals, utilities, agriculture, construction, forestry, government, law enforcement, mining, municipal services, oil and gas and welding applications.

QUALITY CONTROL

Visi-Gard ZED Safety Glasses are 100% inspected for visual defects, and statistically-valid random samples of all production are tested for physical performance to ensure compliance with generally-accepted standards for first-quality safety glasses as well as the product specifications contained herein. Second-grade, irregular or defective safety glasses not meeting the agreed quality levels will be destroyed.
