Fall Protection

X100

3M™ DBI-SALA® ExoFit™ X-Series Harnesses

Gear up with confidence, quality and performance.

The 3M™ DBI-SALA® ExoFit™ X100 Harness is designed with high-quality components that have been developed to enhance the safety and comfort of the harness while working at height on your job site. The X100 comfort harness is built with 6,000 lb. polyester webbing, nylon/polyester hybrid comfort padding and robust alloy steel hardware. The anti-slide back D-ring plate design helps reduce dorsal D-ring slide and enables a convenient adapter location to connect personal SRLs. Select configurations are also available with exclusive weight distribution systems to help reduce shoulder strain and fatigue.

Comfort back pad with U-shaped neck (removable)

Quick-connect or pass-thru buckle connections (chest)

Auto-resetting lanyard keepers*

Revolving torso adjusters* are fast and easy to adjust and lock webbing into place—maintaining a comfortable and safe harness fit

Integrated low-profile suspension trauma relief straps*

Tongue-buckle or quick-connect buckle connections (legs)

3M™ Connected Safety ID*

Personal SRL adapter allows for connection of personal SRLs with confidence and ease

Anti-slide dorsal D-ring pad

Weight distribution system* configurations take weight off your shoulders**

*3M Patented Technology
**Comes integrated on select models
