PRODUCT CHARACTERISTICS

- This extra heavy-duty terrycloth oven mitt can withstand temperatures 400-600°F
- 17" length (elbow length) provides extra heat-resistant protection
- This oven mitt is not flame resistant
- One size fits all
- Sold as a pair

APPLICATIONS

Ideal for use in food handling, or any application that requires heat-resistance protection for temperatures 400-600°F

QUALITY CONTROL

Therma-Gard® Oven Mitts are 100% inspected for visual defects, and statistically-valid random samples of all production are tested for physical performance to ensure compliance with generally-accepted standards for first-quality oven mitts as well as the product specifications contained herein. Second-grade, irregular or defective oven mitts not meeting the agreed quality levels will be destroyed.
