VG-10822	Glove Liner, Medium Weight	10-Guage	26.46 oz./dz	12.20"	Long

PRODUCT CHARACTERISTICS

- Made from a 100% natural-color cotton seamless knit construction, Voltgard Glove Liners are designed to be worn under rubber insulating gloves to help absorb perspiration
- An overedge sewn cuff with a continuous elastic wrist provides a comfortable fit and reduces fraying
- Reversible design fits either hand to extend product life and minimize product consumption

APPLICATIONS

Ideal for use with rubber insulating gloves by electrical utility workers, power and communication linemen, electrical contractors, electrical field service technicians, telecommunications companies, cable television operators, auto manufacturing/repair service workers, municipalities, first responders, energized machine operators and industrial plant and facility maintenance technicians or anywhere there is exposure to electrical shock hazards.

QUALITY CONTROL

Voltgard Cotton Glove Liners are 100% inspected for visual defects, and statistically-valid random samples of all production are tested for physical performance to ensure compliance with generally-accepted standards for first-quality glove liners as well as the product specifications contained herein. Second-grade, irregular or defective glove liners not meeting the agreed quality levels will be destroyed.
