

Spilfyter Kolor-Safe® Neutralizer Powder Shaker Bottle for Acids (10ct)

Features:

- Take the guesswork out of spill response
- The Kolor-Safe® color change process lets you know when acids are safe to handle – changing colors as the spilled liquid becomes PH neutral
- The dry formula is concentrated and has approximately 4 times the neutralizing capacity of the liquid formula
- Dry neutralizer is best used with larger spills
- Render hazardous acids safe for cleanup and disposal in accordance with local, state and federal regulations

Important Expiration Information:

- Dry neutralizer is good for five years from the lot code/date on the label
- The lot code on the label or box is based on the year and days in a year (Julian Date)
- *For example "21032" represents the 32nd day of 2021 or February 1, 2021*

Specifications:
