PRODUCT CHARACTERISTICS

- Lightweight and breathable non-woven spun-bonded polypropylene (11 g/m²) bouffant hairnets and beard covers stay cool and comfortable and provide an economical barrier for all-day use
- Large enough to fit comfortably on most workers and small enough to easily transport and dispose of when finished using
- An elastic opening provides a secure, comfortable fit
- Latex-free design will not irritate worker's skin
- Nylon mesh beard covers are thicker, easy to use and reduce product contamination from stray hairs to keep a hygienic environment
- FDA-accepted for food use
- Hairnets and beard covers are sold separately

APPLICATIONS

Ideal for use in non-hazardous applications where hair control is required such as food processing/handling, laboratory or pharmaceutical tasks.

QUALITY CONTROL

Enviro-Gard Disposable Hairnets and Beard Covers are 100% inspected for visual defects, and statistically-valid random samples of all production are tested for physical performance to ensure compliance with generally-accepted standards for first-quality hairnets and beard covers as well as the product specifications contained herein. Second-grade, irregular or defective hairnets and beard covers not meeting the agreed quality levels will be destroyed.
