PRODUCT CHARACTERISTICS

- The proprietary low-modulus nitrile formulation of Ambi-Gard Nitrile Disposable Gloves provides a better fit and less hand fatigue, plus superior puncture protection and chemical resistance
- Surgi-Grip textured finish offers excellent grip on wet or dry materials
- Reversible design fits either hand
- Rolled cuffs are reinforced for durability
- Gloves contain no natural rubber latex and are ideal for individuals allergic to natural rubber latex
- Powder-free
- Ambi-Gard Nitrile Disposable Gloves comply with FDA standards, are made with USDA- and FDA-accepted materials and do not contain any Phthalates or PFAS

APPLICATIONS

Ideal for use in food service and processing applications.

QUALITY CONTROL

Ambi-Gard® Gloves are 100% inspected for visual defects, and statistically-valid random samples of all production are tested for physical performance to assure compliance with generally-accepted standards for first-quality gloves as well as the product specifications contained herein. Second-grade, irregular or defective gloves not meeting the agreed quality levels will be destroyed. Complies with USDA and FDA regulations 21CFR, parts 170-199, for use in food processing environments.
