ABOUT THE PRODUCT

Our Endura Pro™ 378GOBTKL goatskin gloves keep hands warm down to -15°C / 5°F and are ideal for non-energized work where arc flash is present and resistance to liquids is a must. Made with material designed to resist flame, they are arc flash rated level 4 with an ATPV of 49 cal / cm², offer ANSI 2 heat resistance, and feature a ParaActiv™ engineered yarn liner to provide 360° cut protection with high ANSI A5 cut resistance. These gloves are liquid resistant and the palms are unpadded for steady grip and a better sense of feel when performing tasks.

ALTERNATIVE VERSIONS

378GOBKL

APPLICATIONS

CONSTRUCTION, MINING, OIL & GAS, UTILITIES

RECOMMENDED FOR

DRILLING, MATERIAL HANDLING, OIL REFINERY, UTILITY MAINTENANCE

AVAILABLE SIZING

S, M, L, XL, 2XL, 3XL
