AVAILABLE STYLES

Item #	Description	Size
FS-1307	Face Shield, Non-Impact Resistant	Industry-Standard Adult Size

PRODUCT CHARACTERISTICS

- The anti-fog coated lens provides maximum visibility
- Its wrap-around design provides over-the-top, side and front face sealed protection
- Delivers extended coverage from droplets splashing in the eyes or on the face
- Elastic headband adjusts to fit firmly to the head
- The soft sponge acts as a skin-friendly comfortable cushion on the forehead
- Lightweight and comfortable to wear
- Can be easily cleaned with water or disinfectant
- Face shield is non-impact resistant
- Can be worn over prescription eyewear and facemasks
- Acceptable for use by medical professionals*
- The lens comes with a protective film, which should be removed before use

**This product has not been FDA cleared or approved. The product has been authorized by FDA under an EUA for use by healthcare providers as personal protective equipment. This product is only authorized for the duration of the declaration that circumstances justifying the authorization of emergency use under Section 564(b)(1) of the Act, 21 USC 360bbb-3(b)(1) unless the authorization is terminated or revoked sooner.*

APPLICATIONS

Ideal for use in food services, health care, manufacturing or anywhere there is exposure to droplets, saliva, splash, oil and/or dust. Perfect for protection against droplets from airborne illnesses such as COVID-19.

QUALITY CONTROL

Saf-T-Gard Face Shields are 100% inspected for visual defects, and statistically-valid random samples of all production are tested for physical performance to ensure compliance with generally-accepted standards for first-quality safety goggles as well as the product specifications contained herein. Second-grade, irregular or defective face shields not meeting the agreed quality levels will be destroyed.
