	Packaging:	20 Clamps Per Box, 10 Boxes (200 Pieces) Per Shipping Carton. Sold Individually Unless Specified Otherwise.

AVAILABLE STYLES

Item #	Description	Sizes
VC-2S	Standard Spring Clamp	One Size
VC-2HS	Standard Spring Clamp w/ Hotstick Eye	One Size

PRODUCT CHARACTERISTICS

- Voltgard Protective Equipment Accessories are designed to provide superior value and unmatched quality
- Voltgard Blanket Clamps deliver an effective method for holding rubber insulating blankets, line hose and conductor covers securely in place
- The yellow clamps are made of ultra-high-strength polymer with rubber tips to increase slip resistance and feature a 9 ½" length and a 5" jaw for a wide grip
- Available with or without a hotstick eye
- The springs are used for tension while extra holes in the body of the pin are used to grip conductors and prevent line hose and conductor covers from sliding

APPLICATIONS

Ideal for use by electrical utility workers, power and communication linemen, electrical contractors, electrical field service technicians, telecommunications companies, cable television operators, auto manufacturing/repair service workers, municipalities, first responders, energized machine operators and industrial plant and facility maintenance technicians or anywhere there is exposure to electrical shock hazards.

QUALITY CONTROL

Voltgard Blanket Clamps are 100% inspected for visual defects, and statistically-valid random samples of all production are tested for physical performance to ensure compliance with generally-accepted standards for first-quality blanket clamps as well as the product specifications contained herein. Second-grade, irregular or defective blanket clamps not meeting the agreed quality levels will be destroyed.
