DY2-2855B	Polyethylene Apron, Bulk-Packed	Heavy Weight	28" x 55"	Yellow	500/Cs; Inner Pack of 100 pcs/bag

PRODUCT CHARACTERISTICS

- Economical disposable polyethylene aprons deliver breathable comfort combined with light splash and dry particulate barrier protection of the torso area
- Convenient pullover styling for easy donning/doffing
- Smooth finish and attached reinforced extra-long ties provide a secure fit
- Latex-free design will not irritate worker's skin
- Component materials comply with FDA regulations for food contact and USDA-accepted for food use
- Available in several different sizes, colors, weights and packaging configurations to meet a variety of polyethylene disposable apron safety needs

APPLICATIONS

Ideal for use in food handling and catering, food preparation and processing, food service, janitorial and maintenance applications.

QUALITY CONTROL

Enviro-Gard® Aprons are 100% inspected for visual defects, and statistically-valid random samples of all production are tested for physical performance to assure compliance with generally-accepted standards for first-quality aprons as well as the product specifications contained herein. Second-grade, irregular or defective aprons not meeting the agreed quality levels will be destroyed.
