V-30040	CLASSIC Safety Glasses	Black	Clear
V-32040	CLASSIC Safety Glasses	Black	Gray
V-36040	CLASSIC Safety Glasses	Black	Amber

PRODUCT CHARACTERISTICS

- Comfortable, wraparound nylon frame with polycarbonate lens design offers a lightweight panoramic view
- Hard-coated polycarbonate lenses meet ANSI Z87.1-2015 High Impact Safety Standards and block 99.9% of harmful UVA and UVB ultraviolet light
- 4-base curved lens fits comfortably
- Temple length adjusts to four different positions to provide flexibility in wear
- Universal nose bridge provides a secure fit for a variety of facial profiles
- Built-in sideshields offers additional peripheral protection
- Integral brow guard delivers additional protection and impact resistance

APPLICATIONS

Ideal for use in agriculture, construction, food services, manufacturing, oil and gas, steel and metals operations or anywhere there is exposure to grinding, chiseling, hammering or spraying. Use amber lens for low-light applications in which contrast may be enhanced.

QUALITY CONTROL

Visi-Gard CLASSIC Safety Glasses are 100% inspected for visual defects, and statistically-valid random samples of all production are tested for physical performance to ensure compliance with generally-accepted standards for first-quality safety glasses as well as the product specifications contained herein. Second-grade, irregular or defective safety glasses not meeting the agreed quality levels will be destroyed.
