| <b>Length(s):</b>             | 16" and 18"                                     |
| <b>Unit of Measure (UOM):</b> | 150 Pr/Cs; Sold By the Case                     |

### AVAILABLE STYLES

| Item #     | Description                        | Length |
|------------|------------------------------------|--------|
| 2105BNS-16 | Polypropylene Non-Skid Shoe Covers | 16"    |
| 2105BNS-18 | Polypropylene Non-Skid Shoe Covers | 18"    |

### PRODUCT CHARACTERISTICS

- Enviro-Gard® Polypropylene Non-Skid Shoe Covers are an economical way to protect shoes in dirty, dusty and grimy areas but are not recommended for use in wet environments
- Polypropylene material is lightweight, cool and comfortable and provides an inherent barrier to particles and micro-organisms and non-hazardous light liquid splash
- Elastic gather openings provide a flexible, secure fit

## APPLICATIONS

Ideal for use in light-duty, non-hazardous environments such as hospitals, clinics, laboratories, food processing facilities and painting applications.

## QUALITY CONTROL

Enviro-Gard Polypropylene Non-Skid Shoe Covers are 100% inspected for visual defects, and statistically-valid random samples of all production are tested for physical performance to ensure compliance with generally-accepted standards for first-quality shoe covers as well as the product specifications contained herein. Second-grade, irregular or defective shoe covers not meeting the agreed quality levels will be destroyed.

## VERSIONING
