## PRODUCT CHARACTERISTICS

- Polar-Gard Gloves feature three separate layers of protection to offer unparalleled protection from the cold and moisture and keep workers' hands warm, dry and working
- The water-proof inner liner forms a barrier between the skin and the elements, while the 3M Thinsulate lining beneath the water-proof liner keeps the hands snug and warm even in sub-zero temperatures
- Premium split (suede) cowhide leather palm, forefinger and knuckle strap provide extra durability to withstand excessive wear and tear where it is needed
- The Hi-Viz yellow rugged cotton fabric back protects the hands and provides visible safety
- 2 ½" safety cuff extends protection past the wrist

## APPLICATIONS

Ideal for use in construction, forestry, municipal service, package handling and delivery, freezers or coolers, loading docks and all types of applications that require extended periods of outdoor exposure.

## QUALITY CONTROL

Polar-Gard Insulated Gloves are 100% inspected for visual defects, and statistically-valid random samples of all production are tested for physical performance to ensure compliance with generally-accepted standards for first-quality gloves as well as the product specifications contained herein. Second-grade, irregular or defective gloves not meeting the agreed quality levels will be destroyed.
