

SPIKELESS TRACTION AID – INDUSTRIAL

Our NEW innovative Indoor/Outdoor Spikeless traction aids help protect workers from slips and falls by providing more traction than the industry-standard rubber-soled shoes.

**PLATINUM
AWARD
WINNER**

Flexible for snug fit, with retention strap

Innovative tread design displaces excess water

Easy on/off pull tab

22 spikeless chevrons increase grip without damaging floors

Durable natural rubber maintains elasticity up to -65°F

DESIGNED FOR:

- Ice, snow, and winter weather
- Convenience and versatility
- Traction on surfaces sensitive to spike damage
- Frequent transitions from:
 - Outdoor to indoor
 - Operating vehicles with foot pedals
 - Slippery indoor surfaces

SPIKELESS TRACTION AID – INDUSTRIAL PROSPECTIVE MARKETS & INDUSTRIES

Infrastructure & Construction

- Aviation
- Subways and tunnels
- Telecommunications
- Water systems and wastewater treatment
- Subcontractors in plumbing, HVAC, and flooring
- Flat commercial roof repair

Cold Storage & Logistics

- Cold storage warehouses
- Refrigerated freight
- Loading dock warehouse workers
- Water freight transportation
- Restaurant and food delivery
- Retailers offering pick-up services

Snow Removal

- Snow removal services and landscape contractors
 - Commercial and residential
- Janitorial staff
 - Schools and universities
 - Retailers
 - Restaurants
- Small plow operators

Public Services

- Police
- EMTs
- Plow operators
- Towing services
- Parks and recreation
 - Ice arena maintenance and employees
