KKT-10	Kevlar Sleeves w/ Bar Tack	10"
KKT-14	Kevlar Sleeves w/ Bar Tack	14"
KKT-18	Kevlar Sleeves w/ Bar Tack	18"

PRODUCT CHARACTERISTICS

- Lightweight and non-irritating sleeves made with DuPont™ Kevlar® fabric provide increased protection against cuts, punctures and abrasions while protecting against heat and flame up to 600° F
- Double thickness ensures maximum protection, and overlapped edges prevent fraying
- ANSI Cut Level 3 (≥ 1000 grams weight needed to cut through material with 25mm of blade travel)
- Sleeves will not support combustion
- Washable or dry cleanable
- Kevlar sleeves are available in four lengths: 10", 14", 18" and 22" (22" is only available in the style with a thumb hole)
- Styles available with or without a thumb slot and with or without a bar tack

APPLICATIONS

Ideal for use in advanced manufacturing, automotive industry, electrical work, light heat applications, glass operations, metal stamping, sheet metal, food processing, and meat packing.

QUALITY CONTROL

Saf-T-Gard Kevlar Sleeves are 100% inspected for visual defects, and statistically-valid random samples of all production are tested for physical performance to ensure compliance with generally-accepted standards for first-quality kevlar sleeves as well as the product specifications contained herein. Second-grade, irregular or defective kevlar sleeves not meeting the agreed quality levels will be destroyed.
