Quantity & Description	
Quantity & Description	
Quantity & Description	

All processing will be in accordance with ASTM specified procedures, including:

1. Check-in and quantity received verification.
2. Cleaning and removing old marking.
3. Visual inspection of inner & outer, top & bottom surfaces.
4. Dielectric test at the rated proof test voltage for 1 minute.
5. Marking of rubber goods per ASTM standard and customer requirements (see box lower right)
6. Prepare return shipment without failed products (with failures noted).

If you want failures returned, check HERE. ☐

If not, we will hold them for 30 days after shipment in case you change your mind and want to review.
After 30 days we will dispose or recycle them in a manner assuring they do not end up in a landfill.

If you want failures automatically replaced with new products, check HERE. ☐

If you want notification of failures prior to shipping, check HERE. ☐

Ship products for testing, together with this form to:

Saf-T-Gard International, Inc.
VOLTgard Test Lab
205 Huehl Road
Northbrook, IL 60062

Be sure to pack your rubber goods properly!
Over-stacking and pressing can put stress
on the rubber and lead to premature failure.

Estimated turn around time is 8-10 working days.

RUSH SERVICE (48-72 hours) may be available for rubber gloves, sleeves and blankets only.
PLEASE CALL AHEAD TO PRE-ALERT OUR TEAM TO YOUR RUSH ORDER AND HAVE YOUR SHIPMENT TRACKING NUMBER AVAILABLE

RUSH SERVICE for gloves. Additional \$10.00 per pair. (Less than 10 pair)
RUSH SERVICE for gloves. Additional \$5.00 per pair. (10-50 pair. No RUSH available for more than 50 pair)
RUSH SERVICE for sleeves. Additional \$26.00 per pair. (Less than 10 pair)
RUSH SERVICE for sleeves. Additional \$13.00 per pair. (10-50 pair. No RUSH available for more than 50 pair)
RUSH SERVICE for blankets. Additional \$20.00 each. (Less than 10)
RUSH SERVICE for blankets. Additional \$10.00 each. (10-50 each. No RUSH available for more than 50 each)

All orders FOB Northbrook, IL.
Minimum order \$50. Orders less than \$50 may be subject to a \$5 handling fee.

ASTM MARKING REQUIREMENTS

ASTM standards for maximum retest intervals are:

Gloves - 6 months, Sleeves and Blankets - 12 months

Line Hose - Prior to use or reissue.

Rubber insulating products shall not be put into service unless they have been electrically tested within prior 12 months.

We recommend that your rubber goods are marked both with Date of Test & Date of Return for Test.
In the absence of your instructions below telling us otherwise, this is what we will do.

Mark ONLY Date of Test ☐

Mark ONLY Date of Return for Test ☐

If you want your return for test date to be shorter than the ASTM standard, please indicate:
