

SAF-T-GARD®

International, Inc.

PRODUCT SPECIFICATION SHEET – STYLE #8670

PRODUCT DESCRIPTION

Part Number:	8670
Product Name:	Ambi-Gard® Plus Nitrile Exam Gloves
Product Category:	Hand Protection – Disposable
Material(s):	Acrylonitrile Butadiene (Nitrile) Synthetic Latex Rubber
Mil. Thickness:	5-mil
Color(s):	Blue
Pattern/Design:	Ambidextrous; Reversible
Length:	9" Minimum
Wrist/Cuff Style:	Beaded Rolled Reinforced
Finishes:	Surgi-Grip® Textured
Powdered or Powder-Free:	Powder-Free
Latex-Free (Y or N):	Y
Medical-Grade (Y or N):	Y
Size(s):	S-2XL
Unit of Measure (UOM):	Dispenser Box
Packaging:	Packaged 100 Gloves Per Dispenser Box, 10 Dispensers (1,000 Gloves) Per Shipping Carton Unless Specified Otherwise.

AVAILABLE SIZES

Size:	S	M	L	XL	2XL
Part Number:	8670/S	8670/M	8670/L	8670/XL	8670/2XL

PRODUCT CHARACTERISTICS

- The proprietary low-modulus nitrile formulation of Ambi-Gard Nitrile Disposable Gloves provides a better fit and less hand fatigue, plus superior puncture protection and chemical resistance
- Surgi-Grip textured finish offers excellent grip on wet or dry materials
- Reversible design fits either hand
- Rolled cuffs are reinforced for durability
- Gloves contain no natural rubber latex and are ideal for individuals allergic to natural rubber latex
- Powder-free for use in areas where contamination is a concern
- Ambi-Gard Nitrile Disposable Gloves comply with FDA standards as non-sterile examination gloves are made with USDA- and FDA-accepted materials and do not contain any Phthalates or PFAS

PHYSICAL SPECIFICATIONS
