

HyFlex®

ADVANCED MECHANICAL PROTECTION

11-724

Palm Dipped Medium Duty,
INTERCEPT™ Cut Resistant Gloves

**Excellent flexibility and fit with
optimal cut protection**

Medium Duty

Cut Protection

The HyFlex® 11-724 features a 13 gauge lightweight liner with INTERCEPT yarns that provides ANSI Cut Level 2 protection. The liner also features an optimized lycra content that is soft and cool on the skin for all-day comfort. The palm dipped polyurethane (PU) coating provides enhanced grip in light oil environments for secure handling and offers ANSI Abrasion Level 6 for extended glove life.

Industries

- Aerospace
- Automotive
- Durable Goods
- Transport

Applications

- Assembly of metal parts
- General maintenance
- Light metal presses
- Plastic injection moulding
- Primary assembly

Performance Profile

Best-in-class Cut Resistance Technology

New-to-the-world INTERCEPT™ cut resistance yarn has been tested to perform at or exceed industry standards. This Ansell proprietary technology offers best-in-class cut protection and increased comfort and dexterity.

Palm Dip Geometry

The palm coating design improves worker's grip, extends glove life in abrasive conditions and allows the back-of-hand to breath.

Key Features

Dirt Masking Coating Color

The glove's black coating color hides dirt.

Long-life Coating

Resilient coating resists abrasions and extends glove life.

Performance Standards

4342
EN 388
